

E-Newsletter—3rd Edition

“Despite the current funding uncertainties SSPC continues to progress on all three workstreams as can be seen in this newsletter:

1. Develop programmes of internationally recognised, methodologically rigorous, research which address important issues in Scotland and beyond.
2. Improving access to primary care professionals and patients.
3. Ensure higher level career development opportunities

We welcome feedback on any of the content and information about our activities that you'd like to include next time..” Professor Frank Sullivan, Director

Learning Zone

For Student/Researchers:

- [**Current Masters courses in Scotland**](#)
- SSPC seeks to identify training and development opportunities for Primary Care Researchers in Scotland. We would be grateful if you could let us know if you have any suggestions or needs for training to which we could contribute resource and run in collaboration with your organisation. Also if you run any training courses or workshops and would like to discuss an opportunity to link with SSPC we would be happy to speak with you. Please email [Laura Wilkie](mailto:Laura.Wilkie@sspc.ac.uk) for more info.
